

ILLINOIS CARES

TO PREVENT DIABETES

STAKEHOLDER DIGITAL TOOLKIT

INTRODUCTION

ENGLISH

Thank you for your help in our effort to reduce diabetes disparities in Illinois' communities. To meet Illinois CARES to Prevent Diabetes' goals of raising awareness of prediabetes and increasing enrollment in the free online Diabetes Prevention Program (DPP) classes, we have prepared the following communications toolkit.

In addition to downloading and using the materials in this toolkit to support your outreach, we encourage you to visit our website IllinoisCARESDPP.org. You can also follow the social media handles of our sister organization Chicago CARES to Prevent Diabetes on Twitter ([@ChicagoCARESDPP](https://twitter.com/ChicagoCARESDPP)) and Facebook ([@ChicagoCARESDPP](https://www.facebook.com/ChicagoCARESDPP)) where we share information on the DPP program and tips for staying active and healthy.

With your help, we can raise awareness of prediabetes and promote the free online DPP classes to help prevent type 2 diabetes in Illinois' communities.

Sincerely,
The Illinois CARES team

ESPAÑOL

Gracias por su valiosa asociación en nuestro esfuerzo por reducir las disparidades de la diabetes en las comunidades de Illinois. Para cumplir con los objetivos de Illinois CARES to Prevent Diabetes de aumentar el conocimiento sobre la prediabetes y aumentar la inscripción de las clases gratuitas en línea del Programa de Prevención de la Diabetes (DPP), hemos preparado el siguiente conjunto de herramientas de comunicación.

Además de descargar y usar los materiales en este kit de herramientas para apoyar sus esfuerzos de reclutamiento, le recomendamos que visite nuestro sitio web IllinoisCARESDPP.org. También puede seguir las redes sociales de nuestra organización hermana Chicago CARES to Prevent Diabetes en Twitter ([@ChicagoCARESDPP](https://twitter.com/ChicagoCARESDPP)) y Facebook ([@ChicagoCARESDPP](https://www.facebook.com/ChicagoCARESDPP)), donde compartimos información sobre el programa DPP y consejos para mantenerse activo y saludable.

Con su ayuda, podemos aumentar el conocimiento sobre la prediabetes y promover las clases en línea gratuitas de DPP para ayudar a prevenir la diabetes tipo 2 en las comunidades de Illinois.

Sinceramente,
El equipo de Illinois CARES

FACEBOOK POSTS

Below are draft Facebook posts and tweets you can use on your own social media channels in both English and Spanish. Please feel free to edit these posts as needed to make them feel authentic to your organization and the communities with whom you work. You will also find social media graphics you can post on Facebook or Twitter. You may also link directly to videos and other content on the Illinois CARES website at IllinoisCARESDPP.org.

DRAFT FACEBOOK POSTS – ENGLISH

POST #1

Having prediabetes means your blood glucose (sugar) level is higher than normal, but not yet high enough to be diagnosed as diabetes. But it's not too late to do something about it. By making small changes like eating healthy, being more active, and losing weight, you can cut your risk of diabetes in half.

Visit IllinoisCARESDPP.org for more information and to find a free online Diabetes Prevention Program class.

POST #2

You can live with type 2 diabetes – taking pills and injecting needles – but do you really want to? The Illinois CARES Diabetes Prevention Program (DPP) helps real people like you prevent type 2 diabetes before they're diagnosed. At Illinois CARES DPP we understand that making a lifestyle change is difficult, even if you are ready to put in the work – that's why we're here.

Visit IllinoisCARESDPP.org for more information and to find a free online class.

POST #3

Without making a change, many people with prediabetes will develop type 2 diabetes within five years. We urge you to take advantage of the free online Illinois CARES Diabetes Prevention Program classes to make a health lifestyle change for good – for yourself, for your family.

Visit IllinoisCARESDPP.org for more information and to find a free class.

DRAFT FACEBOOK POSTS – SPANISH

POST #1

Tener prediabetes significa que tu nivel de glucosa en la sangre (azúcar) está más alto de lo normal, pero aún no tan alto para ser diagnosticado como diabetes. Pero no es demasiado tarde para hacer algo al respecto. Haciendo pequeños cambios como comer saludable, ser más activo y perder peso, puedes reducir tu riesgo de la diabetes tipo dos en más de la mitad.

Visita IllinoisCARESDPP.org para obtener más información y encontrar una clase gratuita en línea del programa de prevención de la diabetes.

POST #2

Puedes vivir con la diabetes tipo 2 – tomando pastillas y con agujas, pero ¿realmente quieres? El Programa de Prevención de la Diabetes de Illinois CARES (DPP) fue diseñado con personas como tú en mente. En Illinois CARES DPP entendemos que hacer un cambio en el estilo de vida es difícil, aún si estás listo para hacer un gran esfuerzo – por eso estamos aquí.

Visita IllinoisCARESDPP.org para obtener más información y encontrar una clase gratuita en línea.

POST #3

Sin hacer un cambio, muchas personas con prediabetes desarrollan la diabetes tipo 2 dentro de cinco años. Te urgimos a aprovechar clases del Programa de Prevención de la Diabetes CARES de Illinois disponible gratuito en línea para hacer un estilo de vida saludable para siempre – para ti, para tu familia.

Visita IllinoisCARESDPP.org para obtener más información y encontrar una clase gratuita.

1

Could you have prediabetes?

One in every three adults living in the United States has prediabetes – and most don't know it. You could be one of them.

Find out if you are at risk. Take the test: IllinoisCARESDPP.org

2

What is prediabetes?

Prediabetes means your blood glucose (sugar) level is higher than normal, but not yet high enough to be diagnosed as type 2 diabetes.

YOU COULD BE AT RISK IF:

- You are 45+ years old
- You are overweight
- You have family history of type 2 diabetes
- You have high blood pressure

Learn more at IllinoisCARESDPP.org

3

What is the Diabetes Prevention Program?

It's a free year-long online program that was designed to help you take meaningful steps to decrease your risk of type 2 diabetes, providing access to:

- A trained lifestyle coach
- Skills you need to lose weight, be more active, and manage stress
- Weekly meetings for the first 6 months and monthly meetings for the second 6 months
- Support from other participants

Find a class near you: IllinoisCARESDPP.org

4

Did you know?

Prediabetes raises your risk of:

-  Stroke
-  Heart Disease
-  Type 2 Diabetes

DRAFT NEWSLETTER COPY – ENGLISH

Illinois CARES to Prevent Diabetes is dedicated to reducing diabetes disparities in Illinois' communities. One in three adults living in the United States has prediabetes and most don't know it.

What is prediabetes?

Having prediabetes means your blood glucose (sugar) level is higher than normal, but not yet high enough to be diagnosed as diabetes. However, prediabetes means more than just a point on a chart or graph. It raises your risk of type 2 diabetes, heart disease, and stroke. But it's not too late to do something about it. By making small changes like eating healthy, being more active, and losing weight, you can cut your risk of diabetes in half.

What is the Diabetes Prevention Program?

The DPP is a free year-long online program that will give participants access to:

- A trained lifestyle support coach
- Group support from other participants
- Skills needed to lose weight, be more active, and manage stress
- Online meetings you can join from anywhere

For more information on prediabetes and to sign up for the next session of a free online DPP class visit IllinoisCARESDPP.org.

DRAFT NEWSLETTER COPY – SPANISH

Estamos orgullosos de asociarnos con Illinois CARES to Prevent Diabetes para reducir las disparidades de la diabetes en las comunidades de Illinois al aumentar el conocimiento de la prediabetes y ofrecer clases gratuitas del Programa de Prevención de Diabetes (DPP) en línea. Uno de cada tres adultos que vive en los Estados Unidos tiene prediabetes y aún no lo sabe.

¿Qué es la prediabetes?

Tener prediabetes significa que tu nivel de glucosa en la sangre (azúcar) está más alto de lo normal, pero aún no tan alto para ser diagnosticado como diabetes. Sin embargo, la prediabetes significa más que un punto en una tabla o gráfica. La prediabetes aumenta tu riesgo de la diabetes tipo 2, enfermedad del corazón, y derrame cerebral. Pero no es demasiado tarde para hacer algo al respecto. Haciendo pequeños cambios como comer saludable, ser más activo y perder peso, puedes reducir tu riesgo de la diabetes tipo dos en más de la mitad.

¿Qué es el Programa de Prevención de Diabetes?

El Programa de Prevención de Diabetes es un programa en línea gratuito de un año que ofrece a sus participantes acceso a:

- Un entrenador de estilo de vida que te guía y te apoya
- Apoyo de otros participantes
- Las habilidades que necesitas para perder peso, ser más activo y manejar el estrés
- Clases en línea que puedes tomar desde cualquier lugar

Para obtener más información sobre la prediabetes y para inscribirse en la próxima sesión gratuita de clases DPP en línea, visita IllinoisCARESDPP.org.

ILLINOIS CARES 
TO PREVENT DIABETES

Illinois CARES is part of the National Diabetes Prevention Program (DPP), led by the Centers for Disease Control and Prevention (CDC).

INTERIOR

ARE YOU AT RISK?
You are at higher risk to have prediabetes and develop diabetes if you:

- ✓ Are 45 years of age or older
- ✓ Are overweight
- ✓ Have a family history of type 2 diabetes
- ✓ Are physically active fewer than 3 times per week
- ✓ Ever had diabetes while pregnant (gestational diabetes) or gave birth to a baby that weighed more than 9 pounds
- ✓ Have high blood pressure

African Americans, Latinos, American Indians, Pacific Islanders and some Asian Americans are at higher risk for type 2 diabetes.

PREDIABETES CAN LEAD TO TYPE 2 DIABETES
Without weight loss or moderate physical activity, many people with prediabetes will develop type 2 diabetes within 5 years.

To find out if you have prediabetes or are at risk for type 2 diabetes visit IllinoisCARESDPP.org or contact your healthcare provider.

TAKE MEANINGFUL STEPS TO DECREASE YOUR RISK OF TYPE 2 DIABETES ONLINE

With help from a trained lifestyle coach and group support. You deserve to live a healthy life without the hassle of needles and pills – for yourself, for your family.

The free year-long online DPP provides you with:

-  A trained lifestyle coach to guide and encourage you
-  Support from other participants with the same goals as you
-  Weekly virtual meetings for the first six months and monthly virtual meetings for the second six months
-  Skills you need to lose weight, be more active, and manage stress

The Diabetes Prevention Program was designed with real people like you in mind. We understand that making a lifestyle change is difficult, even if you are ready to put in the work – that's why we're here.

The DPP takes the guess work out of how to make a meaningful lifestyle change, giving you resources to learn how to live a healthy life – for free.
